

Zeta 3 Soft Classic
IT - INDICAZIONI PER L'USO: Disinfettante e detergente per superfici di dispositivi medici.

CONFEZIONI: Flacone da 750 ml
PRINCIPI ATTIVI: 100 g di Zeta 3 Soft e Soft Classic contengono 34,4 g di etanolo, 14 g di isopropanolo, tensioattivi non ionici, additivi, ausiliari ed acqua q.b. a 100 g.

CONTROINDICAZIONI: Nessuna controindicazione conosciuta.

AVVERTENZE: Si consiglia di provare sempre il prodotto su una zona limitata prima di procedere su tutta la superficie. Liquido a vapori infiammabili.

Provoca grave irritazione oculare. In caso di contatto con gli occhi sciacquare accuratamente per parecchi minuti. Tagliare le eventuali lenti a contatto se è agevole farlo. Continuare a sciacquare. Se l'irritazione degli occhi persiste, consultare un medico.

Contiene: (R)-P-MENTHA-1,8-DIENE. Può provocare una reazione allergica. Se durante l'uso si verificano irritazioni, arrossamenti o altri segni di ipersensibilità, interrompere l'utilizzo e consultare un medico.

PRECAUZIONI: Indossare guanti, protezione per gli occhi e il viso. Lavare accuratamente le mani dopo l'uso. Tenere lontano da fonti di calore, scintille, fiamme libere e superfici riscaldate. Non fumare. Tenere il recipiente ben chiuso. Evitare di disperdere il prodotto nell'ambiente e smaltire in conformità alle norme locali.

EFFETTI COLLATERALI: Non sono stati riscontrati effetti collaterali.

ISTRUZIONI PASSO-PASSO: Spruzzare direttamente o attraverso un panno il prodotto sulla superficie da disinfettare. Strofinare accuratamente tutta la superficie da disinfettare prima della completa evaporazione del prodotto e lasciare asciugare.

CONDIZIONEMENTO: Flacone da 750 ml
PRINCIPI ATTIVI: 100 g di Zeta 3 Soft e Soft Classic contengono 34,4 g di etanolo, 14 g di isopropanolo, tensioattivi non ionici, additivi, ausiliari ed eau q.s. a 100 g.

CONTRO-INDICAZIONI: Aucune contre-indication connue.

PRÉCAUTIONS: Il est conseillé de toujours tester le produit sur une petite zone avant de l'appliquer sur toute la surface. Liquide et vapeurs inflammables. Provoque une sévère irritation des yeux. En cas de contact avec les yeux rincer avec précaution pendant plusieurs minutes. Enlever les lentilles de contact si la victime en porte et si elles peuvent être facilement enlevées. Continuer à rincer. Si l'irritation persiste consulter un médecin.

Contient: (R)-P-MENTHA-1,8-DIÈNE. Peut provoquer une réaction allergique. En cas d'irritations, rougeurs ou d'autres signes d'hypersensibilité lors de l'utilisation, arrêter d'utiliser le produit et consulter un médecin.

PRECAUTIONS: Porter des gants, un appareil de protection des yeux et du visage. Se laver soigneusement les mains après l'utilisation. Tenir éloigné de toute source de chaleur, étincelles, flammes nues et surfaces chaudes. Ne pas fumer. Conserver le récipient bien fermé. Éviter de disperser le produit dans la nature et l'éliminer conformément aux normes locales.

EFFETS COLLATERAUX: Aucun effet collatéral n'a été constaté.

INSTRUCIONES PASO A PASO: Vaporiser le produit directement sur la surface à désinfecter ou sur une lavette. Frotter énergiquement toute la surface à désinfecter avant évaporation complète du produit et laisser sécher.

SPECTRO DE ACTIVITÉ

Activité	Normes*	Temps (minutes)
Virusicide	EN 14476 (test sur Poliovirus, Adenovirus, Norovirus, Parovirus, et compris HIV, HBV, HCV, H1N1)	1
